

CHAT GPT

What's it all about?

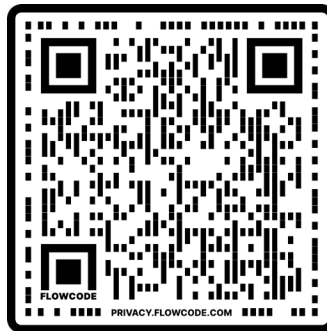

Have you ever wondered how Netflix knows exactly what kinds of movies to recommend to YOU for viewing? Or why Amazon knows exactly what types of items you can't resist purchasing. Get some of your questions answered in this 6-week course.

Sometimes it is called "machine learning" or "artificial intelligence [Ai]", no matter what we call it, this technology is already part of our everyday lives, sometimes in ways you may not even realize. This new tech was launched in the 1950s and continues to evolve – it's here to stay.

Learn more about this exciting technology with RCBC's **Introduction to Artificial Intelligence** course!

Gain a foundational knowledge of the science behind creating computer systems that can perform tasks typically requiring human intelligence in this introductory artificial intelligence [AI] course.
